

Next steps agreed at the GRPE/ISO group of experts meeting on gaseous hydrogen onboard storage systems held on 24-25 October 2002 in Vancouver, Canada

- The results of the meeting (GRPE/ISO document N026 N027 and N028) are to be circulated to all the GRPE/ISO group of experts by Sylvie Gingras. We should not expect many comments at this point.
- Should there be any comments before 4 November 2002, the group leaders will consult and recommend a course of action.
- The changes that were agreed to (GRPE/ISO document N026, N027 and N028) are to be incorporated in the GRPE draft regulations and the ISO draft standards.
- Once this exercise is completed, no other changes are to be incorporated in the parts that concern both documents before the next GRPE ad hoc group meeting.
- The results of the two meetings (GRPE/ISO documents N026, N027 and N028), the revised GRPE draft regulations and the ISO draft standards should be distributed to the GRPE ad hoc group members one week prior to the GRPE ad hoc group meeting that is to be held on 14-15 November 2002.
