

**Meeting Of The
GRPE CGH₂ Experts
23-24 January 2003
TÜV, Munich**

Proposed Agenda

Chairperson

Brief introduction to the role of the group

Resolve outstanding issues (GRPE Doc. No. 004 Table 1)

Background To The Group

**June 2001: GRPE (UN ECE WP.29) formed an Ad-Hoc WG
Started working towards the completion of draft regulations
which would be presented first as ECE regulations and then
as Global Technical Regulations**

4 meetings to date

**GRPE Ad Hoc WG working with ISO to achieve harmonisation
of technical requirements (3 meetings of the GRPE/ISO
CGH₂ experts focussed on container issues)**

**GRPE Ad Hoc WG established this group at its Cologne
meeting (14-15 November)**

Role Of The GRPE CGH₂ Experts

Stated role of the group at the Cologne GRPE Ad-hoc WG meeting:

**“Resolve all outstanding issues” with respect to the CGH₂ regulation other than the Type 1 container issue
Since agreed with ISO that all Annex 7 (container) issues would be covered by the GRPE/ISO group to avoid affecting the harmonisation process**

Documents To Be Used

**GRPE draft regulation on gaseous hydrogen
onboard storage systems, rev.10, dated 6
November 2002**

GRPE Doc. No. 004, dated 16 January 2003

Note: GRPE Doc. Nos. 001-3 have been superseded by No. 004

What Needs To Be Done During This Meeting?

Resolve the technical issues based on a consensual process

In order to do so, work through all the items listed in GRPE Doc. No. 004 (Table 1)

GRPE Doc. No. 004 (Table 2) contains editorial comments and it is suggested that they should be left to the discretion of the editor

Results Of The Meeting

The agreements made during the meeting will be recorded in a working document

The working document will be circulated for comments among the GRPE Ad Hoc WG members

Preparation For The Next GRPE Ad Hoc WG Meeting

The following documents should be made available for the next meeting of the GRPE Ad Hoc WG on 13-14 February 2003

- The working documents incorporating the agreements that were made by the GRPE CGH₂ experts**
- The revised GRPE draft regulations (CGH₂ Rev.11)**
